# Report on the outcomes of a presentation and participation - Young Researcher and Innovator Conference[1]

**Action number: CA21126**

**Grantee name: Veronika Mitrokhina**

## Conference Details

Conference title: *Nordic-Baltic Astronomy Days 2026*

Conference web-page: https://indico.global/event/15138/

Conference venue[2]: *Linnankatu 32, 20100 Turku, Finland*

## Accepted contribution details

Title of the presentation: *Detectability of deuterium in spectra of A-type stars*

Type of the presentation: (oral/poster) *poster and short poster talk*

Co-authors: *C. P. Folsom, M. Kama, A. Aret*

Other details of the presentation: specify here any additional details related to the contribution (e.g. title of the session / track of the conference programme in which the contribution is accepted) *Abstract is published in Book of Abstracts, p 73, #383*

## Outcome of the conference participation

Description of the outcome of the presentation of the accepted contribution, in terms of grantee's visibility, including the establishment of new contacts for future collaborations

*Presenting my research through both a poster and a short poster talk increased the visibility of my work within the Nordic-Baltic astronomy community. The short talk introduced the main results to a broad audience and attracted additional interest during the poster session, where more detailed scientific discussions took place.*

*The conference provided valuable opportunities to engage with researchers working in related areas of astrochemistry. Discussions during the poster session resulted in constructive feedback on the presented work and helped identify potential directions for future research. Importantly, I established contact with two researchers whose scientific interests are closely aligned with my own. We exchanged contact information and discussed possibilities for future collaboration, including potential postdoctoral opportunities and joint research activities. These interactions expanded my professional network and may lead to future collaborative projects and career development opportunities.*
