Report on the outcomes of a presentation and participation in a

ITC Conference[1]

Action number: CA21126

Grantee name: Gulay Zeynep Gunel

Conference Details

Conference title: International Conference on Organic Electronics (ICOE2023)

Conference web-page: https://icoemadrid2023.com/index.php

Conference venue[2]: Madrid, Spain

Conference start and end date: 03/07/2023 to 07/07/2023

Accepted contribution details

Title of the presentation: **Carbazole Derivative Acceptor Molecules For Non-Fullerene Organic Solar Cells**

Type of the presentation: Poster

Co-authors: Duygu Akın Kara, Tamer Yesil, Ceylan Zafer

Other details of the presentation: Poster Communications

Outcome of the conference participation

The conference I attended had a significant impact on me by exposing me to the latest research and providing valuable insights into my field of study. I had the opportunity to witness the advancements in organic optoelectronics, non-fullerene molecules, perovskites, and flexible solar cell fabrication through various presentations and discussions by renowned experts. Moreover, I had the privilege to meet Professor Nazario, the esteemed organizer of the conference, which opened doors for networking and potential collaborations.
Additionally, I had a fruitful conversation with Professor Ji-Seon Kim from Imperial College England, whose research aligns closely with my own interests. We discussed the possibility of future post-doctoral positions, and I was encouraged to reach out to them after completing my doctoral program.
Furthermore, attending talks from diverse fields exposed me to different areas of research and sparked ideas for potential interdisciplinary studies. Engaging with other researchers and exploring their poster presentations allowed me to establish connections and engage in

[1] This report is submitted by the grantee to the Action MC for approval and for claiming payment of the awarded grant. The Grant Awarding Coordinator coordinates the evaluation of this report on behalf of the Action MC and instructs the GH for payment of the Grant.

valuable conversations. Overall, this conference proved to be incredibly beneficial for my career development, providing me with valuable insights into my field of study and offering new perspectives on the research I aspire to conduct. At the conference, I had the opportunity to listen to renowned professors such as Natalie Stingelin, Emilio Palomares, Yana Vaynzof, Jovana Milic, Christoph Brabec, Ji-Seon Kim, Thuc-Quyen Nguyen, Elena Mena-Osteritz, who are not only experts in fields closely related to my own research but also individuals whose work I have been following with great interest. Hearing about their recent studies and breakthroughs was truly inspiring and provided valuable insights into cutting-edge research in my field. These interactions with esteemed professors allowed me to expand my knowledge and gain a deeper understanding of the current advancements in the areas that I am passionate about.
Thank you for the support you provided in enabling me to participate in this conference. I greatly appreciate the opportunity it has given me to expand my knowledge, network with experts in the field, and gain valuable insights into the latest developments in my research area. This conference has not only enriched my academic pursuits but also broadened my horizons for future collaborations and professional growth.

Acknowledgement of inclusion of necessary supporting documents to claim the grant

I confirm that the following documents have been uploaded on e-COST as an integral part of this report:

- the certificate of conference attendance.

- the programme of the conference or book of abstracts / proceedings indicating the presentation (oral or poster) of the grantee.

- copy of the given presentation (oral or poster).
